THIS ADDENDUM to the numbered end-user license agreement (“EULA”) referenced above (the “License”) is deemed effective as of the date referenced above (the “Addendum Effective Date”), **on condition that** an authorized representative of the Licensee has completed the online check-out, including clicking agreement to the Addendum terms.

- A. The last sentence in section 1(a) of the License is hereby deleted in connection with the uses of the Font Software permitted by this Addendum. This Addendum is effective only for a term of one year from the Addendum Effective Date. All use permitted hereunder must be discontinued by the term expiration date, subject to all of the provisions of the EULA, unless you obtain a new addendum covering a future time period.
- B. Sections 1(b) and (c) of the License are hereby modified to additionally permit you to embed the Font Software within the digital application(s) associated with the licensed brand (collectively, the “Applications”), only if the following conditions are met:
 - (1) the Font Software will not be installed in the devices’ system in a manner that renders it available to the user other than for use in the Applications; and
 - (2) each Application is substantially connected to the licensed brand; and
 - (3) the Applications prominently display the brand.
- C. The Addendum fee is based upon the average monthly combined active users (measured over a one-year period) for all of your Applications that embed the Font Software, and a user of multiple Applications is counted for each one, up to the maximum stated. The price of a new addendum will be based upon Darden Studio’s pricing tables then in effect, and issuance may be conditioned upon payment of any license fee shortfall for the expired year if actual use exceeded the license maximum. (For a multi-year Addendum, you will be asked to report actual use at the close of each year, and the fee is subject to an upward adjustment if actual use in a year exceeds the license maximum.)
- D. Section 1(f) of the License is hereby modified to permit you to subset the Font Software files embedded in the licensed Applications, on condition that you retain the Darden Studio name of the Font Software. Darden Studio is not responsible for any display or other technical problems which may occur as a result of your use of third-party software for this permitted modification.
